

Activity/ Situation	FULL OPENING OF SCHOOL DURING COVID-19 PANDEMIC			
Location	Settle and Kirkby Malhamdale Primary Federation			
Persons at Risk	Pupils <input checked="" type="checkbox"/>	Employees <input checked="" type="checkbox"/>	Visitors <input checked="" type="checkbox"/>	Contractors <input checked="" type="checkbox"/>
HAZARD(S)	<p><i>Note: this list is not exhaustive and must be adapted for your own needs</i></p> <ul style="list-style-type: none"> ✘ Contact Between Individuals Not Minimised and Social Distancing Measures Not Followed ✘ Social Distancing Measures Not Followed During Travel to and from School ✘ Inadequate Cleaning/Sanitising ✘ Shared Resources ✘ Spread of Coronavirus to Staff, Pupils and Families, Visitors and Contractors ✘ Site User Becoming Unwell ✘ Site User Developing Symptoms ✘ Inadequate Hand Washing/Personal Hygiene ✘ Inadequate Personal Protection & PPE ✘ Visitors, Contractors & Spread of Coronavirus ✘ Inadequate Ventilation ✘ Arrangements for Boarding Schools During Pandemic 			
CONTROL MEASURES	ADDITIONAL INFORMATION	YES	NO	N/A
<p><i>Note: Our Federation has amended and adapted a NYCC approved generic risk assessment to suit our own needs by selecting the controls from the examples provided (adding and amending others where necessary) and then evaluating the overall risk for the activity/situation. The staff of the school are expected to follow this document as outlined and to not deviate from it without formal permission from the Executive Headteacher. Our school is open and deemed to be 'safe' because we follow the control measures within this document. To not follow the RA puts pupils, staff and the wider community at additional risk. This documented may be supported by further agreed school protocols as directed by the Executive Headteacher (including the use of communal areas). Class teachers are expected to adapt existing class RA to ensure that they are compliant with the latest guidelines as outlined in this document. In considering all of the below risks and potential control measures, we will endeavour to be mindful of our duties under the Equality Act by ensuring that there is no adverse impact on any particular group of staff / pupils with protected characteristics. Equally we must be mindful that the school needs to be safe and the necessary measures taken to ensure compliance with employment and health and safety legislation including the Health and Safety at Work Act 1974.</i></p>				
<u>Local Restriction Tiers Guidance</u>				
Contact Between Individuals Not Minimised and Social Distancing Measures Not Followed				
Consistent groups are in place which reduces the risk of transmission by limiting the number of pupils and staff in contact with each other to only those within the group	Details;-	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The school federation will keep a record of pupils and staff in each group, and any close contact that takes places between children and staff in different groups	This should be a proportionate recording process. Schools do not need	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	to ask pupils to record everyone they have spent time with each day or ask staff to keep definitive records in a way that is overly burdensome			
Primary schools such as ours are able to implement groups that are the size of a full class. If that can be achieved, it is generally recommended, as this will help to reduce the number of people who could be asked to isolate should someone in the group become ill with coronavirus (COVID-19).	Circumstances need to be assessed and if class-sized groups are not compatible with offering a full range of subjects or managing the practical logistics within and around school, you can look to implement year group sized 'bubbles'	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Whatever the size of the group, the children will be kept apart from other groups and older children are encouraged to keep their distance within their groups.		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where we have the capability to do so we will take steps to limit interaction, and the sharing of rooms and social spaces between groups as much as possible.		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
It is recognised that younger children will not be able to maintain social distancing, and it is acceptable for them not to distance within their group		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
We will keep children in their class groups for the majority of the classroom time, but also allow mixing into wider groups for specialist teaching, wraparound care and transport		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Siblings may be in different groups		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Teachers and other staff may operate across different classes and year groups in order to facilitate the delivery of the school timetable as directed by the headteacher.		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where staff need to move between classes and year groups, they should keep their distance from pupils and other staff as much as they can, ideally 2 metres from other adults	The use of face coverings in indoor areas outside the classroom may be needed because the school is in an area on the COVID Alert Level: high or very high or at the head teacher's discretion	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	(see Inadequate Personal Protection section of this RA)			
Where possible adults should maintain a 2 metre distance from each other, and from children		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Adults avoid close face to face contact and limit time spent within 1 metre of anyone	<p>- direct close contacts - face to face contact with an infected individual for any length of time, within 1 metre, including being coughed on, a face to face conversation, or unprotected physical contact (skin-to-skin)</p> <p>- proximity contacts - extended close contact (within 1 to 2 metres for more than 15 minutes either as a one-off contact or added up together over one day) with an infected individual</p> <p>Guidance-for-contacts-of-people-with-possible-or-confirmed-coronavirus-covid-19-infection-who-do-not-live-with-the-person/guidance-for-contacts-of-people-with-possible-or-confirmed-coronavirus-covid-19-infection-who-do-not-live-with-the-person</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Within the classroom a distance between people is maintained so far as reasonably practical	It is accepted that distancing may not be possible in primary schools	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils are seated side by side and facing forwards, rather than face to face or side on		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Staff will work side on to pupils as opposed to face to face whenever possible		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Educational and care support is provided as normal to pupils who have complex needs or who need close contact care		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools, local authorities, health professionals, regional schools commissioners and other services work together to ensure that children with medical conditions are fully supported, including through the use of individual healthcare plans, so that they may receive an education in line with their peers	In some cases, the pupil's medical needs will mean this is not possible, and educational support will require flexibility. Our guidance on supporting pupils at school with medical conditions remains in place	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Unnecessary furniture has been moved out of classrooms to make more space		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Large gatherings such as assemblies or collective worship with more than one group do not take place – group /inter school meetings will be done remotely where possible (e.g. school council meetings/Praise Assembly).		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The timetable and selection of classroom or other learning environments has been used to reduce movement around the school or building		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration has been given to staggered starts or adjusting start and finish times to keep groups apart as they arrive and leave school – this is currently in operation at Settle Primary.	Staggered start and finish times should not reduce the amount of overall teaching time	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Parents' drop-off and pick-up protocols are planned to minimise adult to adult contact	CYPS Bulletin	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
All parents/carers entering the school premises (and in other congested areas around school premises) are asked to wear a face covering in addition to social distancing	This an extra safeguard to reduce the transmission of the virus. Please note that this does not apply to those who are medically exempt	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Ensure those travelling by car know that they should wait in their car until the specific drop off time.	This will reduce the amount of people assembling in and around the school grounds and will help with social distancing	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Ensure parents maintain social distancing from others when dropping off and collecting pupils from school		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Parents and pupils (where appropriate) are told their allocated drop off and collection times and the process for doing so, including protocols for minimising adult to adult contact (for example, which entrance to use, only one adult per family should enter school grounds to drop off or collect)		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
It must be made clear to parents that they cannot gather at entrance gates or doors, or enter the site (unless they have a pre-arranged appointment, which should be conducted safely) – this extends to parent meetings such as PTA meetings and governor meetings/visits.		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
External entrances to classrooms are used where practical		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Break times are staggered so that all pupils are not moving around the school at the same time		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Lunch breaks are staggered		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Numbers of staff using the Staff Room are limited to 3 – staff should ensure that they maintain 2 metres distance from each other	The taping off or removal of chairs may be needed to ensure staff cannot sit within 2 metres of each other. Staff must still have a break of a reasonable length during the day/ as a general rule no more than three staff to use the staff room at any one time.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Staff meetings will take place remotely where possible. Where this is not possible staff meetings take place in a large well ventilated room ensuring 2 metres social distancing at all times. Where staff can work at home – e.g. senior leader office duties/PPA time, then staff are encouraged to do so.	Virtual staff meetings could take place where staff stay in their classrooms and join the meeting.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School will NOT resume non-overnight domestic educational visits during the Spring Term but will plan for possible residential visits during the summer.	Domestic (UK) overnight and overseas educational visits are prohibited	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School will work closely with any external wraparound providers which their pupils may use, to ensure as far as possible, children can		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

be kept in a group with other children from the same bubble they are in during the school day				
Where it is not possible, or it is impractical to group children in the same bubbles as they are in during the school day, schools and external providers group children with others from outside their school day bubble (or from a different school, where children from multiple schools are attending provision) keep children in small, consistent groups with the same children each time		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Social Distancing Measures Not Followed During Travel to and from School				
Parents and pupils are encouraged to walk or cycle to their education setting where possible		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools, parents and pupils following the government guidance on how to travel safely, when planning their travel on public transport	Safer travel guidance for passengers	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Inadequate Cleaning/Sanitising				
A cleaning schedule that ensures cleaning is generally enhanced and includes more frequent cleaning of rooms / shared areas that are used by different groups is in place		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Surfaces that pupils are touching, such as toys, books, desks, chairs, doors, sinks, toilets, light switches, bannisters etc. are cleaned more often than normal		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Electronic entry systems and keypads are regularly sanitised particularly first thing in the morning and where possible after each use		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Bins for tissues and other rubbish are emptied throughout the day		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Stocks of cleaning chemicals, liquid soap, paper towels, tissues, toilet roll, bin bags etc. regularly checked and additional supplies requested as necessary		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration given to how play equipment is used ensuring it is appropriately cleaned between groups of children using it		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Outdoor playground equipment should be more frequently cleaned	This would also apply to resources used inside and outside by wraparound care providers	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Shared Resources				
For individual and very frequently used equipment, such as pencils and pens, it is recommended that staff and pupils have their own items that are not shared		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Classroom based resources, such as books and games, can be used and shared within the bubble; these are cleaned regularly, along with all frequently touched surfaces		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Resources that are shared between classes or bubbles, such as sports, art and science equipment should be cleaned frequently and meticulously and always between bubbles, or rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils can bring essentials such as lunch boxes, hats, coats, books, stationery, bags and mobile phones (depending on school policy) in to school		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils and teachers can take books and other shared resources home, although unnecessary sharing should be avoided, especially where this does not contribute to pupil education and development. Rules on hand cleaning, cleaning of the resources and rotation apply to these resources	It is very difficult to adequately clean exercise books so the school may need to isolate the books for 48 hours before marking	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Devices/ laptops/tablets etc. that are brought from home to school and back again are cleaned at the start and end of the day		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Spread of Coronavirus to Staff, Pupils and Families, Visitors and Contractors				
Contact with individuals who are unwell is minimised by ensuring that those who have coronavirus (COVID-19) symptoms, or who have someone in their household who does, do not attend school	Ensuring that pupils, staff and other adults do not come into the school if they have coronavirus (COVID-19) symptoms , or have tested positive in the last 10 days, and ensuring anyone developing those symptoms during the school day is sent home, are essential actions to reduce the risk in schools and further	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	drive down transmission of coronavirus (COVID-19)			
The school recognises that if they have two or more confirmed cases within 10 days, or an overall rise in sickness absence where coronavirus (COVID-19) is suspected, they may have an outbreak and must continue to work with their local health protection team who will be able to advise if additional action is required		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where schools and colleges are carrying out their own testing regime, they make it clear to staff and pupils that a negative test result does not remove the risk of transmission. At primary school we are not yet administering our own testing regime, but if we do so this point needs to be highlighted to parents and staff.	In some cases, someone who has tested negative may still have the undetected disease and be infectious. It is therefore essential that everyone continues to follow good hygiene and observe social distancing measures whether or not they have been tested	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
All pupils, including those who are clinically extremely vulnerable, can continue to attend school in Tiers 1-3 unless they are one of the very small number of pupils or students under paediatric care (such as recent transplant or very immunosuppressed children) and have been advised specifically by their GP or clinician not to attend school OR they live in a Tier 4 area	New advice for those identified through a letter from the NHS or a specialist doctor as in the group deemed clinically extremely vulnerable	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Shielding advice is currently in place in Tier 4 areas, and so all children still deemed clinically extremely vulnerable are advised not to attend school	Advice for those identified through a letter from the NHS or a specialist doctor as in the group deemed clinically extremely vulnerable (CEV or shielding list)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In local restriction tier 4 areas, individuals who are clinically extremely vulnerable are advised to work from home and where this is not possible, they should not go into work	Individuals in this group will have been identified through a letter from the NHS or from their GP and may have been advised to shield in the past, most	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	<p>recently in November 2020. Where a certified medical professional advises that a CEV employee should not attend the workplace on account of their specific condition and the risk of covid-19, this should be given significant weight in undertaking an Individual Risk Assessment</p>			
<p>Staff who are in the clinically extremely vulnerable group can continue to attend school in Tiers 1,2 and 3 unless they live in a Tier 4 area</p>	<p>Advice for those identified through a letter from the NHS or a specialist doctor as in the group deemed clinically extremely vulnerable (CEV or shielding list). Where a certified medical professional advises that a CEV employee should not attend the workplace on account of their specific condition and the risk of covid-19, this should be given significant weight in undertaking an Individual Risk Assessment</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Under local restriction tier 3: staff and employers may wish to discuss flexibilities that support clinically extremely vulnerable staff, such as staggered start times to reduce travel during rush hour – it is the responsibility of the staff member to see the headteacher if they would like to be considered for this adaption.</p>	<p>An Individual Risk Assessment will be needed. Advice sought on a case by case basis. Individual Risk Assessments will need to be subject to regular review In the future, the government will only reintroduce formal restrictive shielding advice in some local</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	<p>areas in tier 3: very high alert where this has been advised by the Chief Medical Officer, and only for a limited period of time. The government will write to individuals to inform them if they are advised to follow formal shielding and not attend the workplace.</p>			
<p>People who live with those who are clinically extremely vulnerable or clinically vulnerable can and do attend the workplace and as such an individual risk assessment may be required. See the Executive Headteacher if applicable.</p>	<p>An Individual Risk Assessment may be needed. Advice sought on a case by case basis. Individual Risk Assessments will need to be subject to regular review</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Children who live with someone who is clinically extremely vulnerable, but who are not clinically extremely vulnerable themselves, should still attend school in all local restriction tiers</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Clinically vulnerable staff can continue to attend school</p>	<p>While in school they should follow the specific measures to minimise the risks of transmission. This includes taking particular care to observe good hand and respiratory hygiene, minimising contact and maintaining social distancing. This provides that ideally, adults should maintain 2 metre distance from others, and where this is not possible avoid close face to face contact and minimise time spent within 1 metre of others. Adults should continue to</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	take care to socially distance from other adults including older children and adolescents			
Pregnant women are in the 'clinically vulnerable' category	School must complete the New and Expectant Mothers risk assessment as well as the Covid Individual risk assessment. Both the New and Expectant Mothers and the Individual Risk Assessment must be reviewed prior to 28 weeks when risk factors increase. Individual Risk Assessments will need to be subject to regular review RCOG Q&A covid19 virus infection and pregnancy	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where it is necessary to use supply staff and peripatetic teachers, those individuals will be expected to comply with the school's arrangements for managing and minimising risk, including taking particular care to minimise contact and maintain as much distance as possible from other staff.	To minimise the numbers of temporary staff entering the school premises, and secure best value, schools may wish to use longer assignments with supply teachers and agree a minimum number of hours across the academic year	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Specialists, therapists, clinicians and other support staff for pupils with SEND provide interventions as usual	Admin must ensure that these visitors have read and seen/signed to say they are aware of our school risk assessment.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Volunteers may be used to support the work of the school, as would usually be the case but only through direct arrangement with the Executive Headteacher	Mixing of volunteers across groups should be kept to a minimum, and they	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	should remain 2 metres from pupils and staff where possible			
Access to PPE should be available where there is contact with diagnosed or suspected person with covid-19	See Inadequate Personal Protection & PPE section of this risk assessment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Site User Becoming Unwell				
If anyone in the school becomes unwell with a new, continuous cough or a high temperature, or has a loss of, or change in, their normal sense of taste or smell (anosmia), they must be sent home and advised to follow the guidance which sets out that they must self-isolate for at least 10 days and should arrange to have a test to see if they have coronavirus (COVID-19). Other members of their household (including any siblings) should self-isolate for 10 days from when the symptomatic person first had symptoms	stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection If they have tested positive whilst not experiencing symptoms but develop symptoms during the isolation period, they should restart the 10-day isolation period from the day they develop symptoms	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If a pupil is awaiting collection, they should be moved, if possible, to a room where they can be isolated behind a closed door, depending on the age of the Pupils and with appropriate adult supervision if required. Ideally, a window should be opened for ventilation. At Settle the Infant and Junior playground exit areas will be used and a sign put up to say that this area is out of use due to Pupil Isolation – the external door will be kept open for ventilation purposes with the option given for the staff member to supervise at distance. Collection would be at the respective infant or junior gate as appropriate. At Kirkby an area of the Head's office will be used and the window/doors open and ventilated and use of the space restricted until the room/equipment has been thoroughly cleaned down	If it is not possible to isolate them, move them to an area which is at least 2 metres away from other people	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If the pupil needs to go to the toilet while waiting to be collected, they should use a separate toilet if possible. The toilet should be cleaned and disinfected using standard cleaning products before being used by anyone else		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

PPE should be worn by staff caring for the pupil while they await collection if a distance of 2 metres cannot be maintained (such as for a very young pupil or a pupil with complex needs)	See Inadequate Personal Protection & PPE section of this risk assessment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In an emergency, call 999 if the pupil is seriously ill or injured or their life is at risk.	Anyone with coronavirus (COVID-19) symptoms should not visit the GP, pharmacy, urgent care centre or a hospital	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Any member of staff who has provided close contact care to someone with symptoms, even while wearing PPE, and all other members of staff or pupils who have been in close contact with that person with symptoms, even if wearing a face covering, do not need to go home to self-isolate unless: <ul style="list-style-type: none"> the symptomatic person subsequently tests positive they develop symptoms themselves (in which case, they should arrange to have a test) they are requested to do so by NHS Test and Trace or the PHE advice service (or PHE local health protection team if escalated) 		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Everyone must wash their hands thoroughly for 20 seconds with soap and running water or use hand sanitiser after any contact with someone who is unwell		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The area around the person with symptoms must be cleaned with normal household disinfectant after they have left to reduce the risk of passing the infection on to other people	COVID-19: cleaning of non-healthcare settings guidance	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Site User Developing Symptoms				
Schools must ensure that staff members and parents/carers understand that they will need to be ready and willing to book a test if they are displaying symptoms. The main symptoms are a high temperature, a new continuous cough and/or a loss or change to your sense of smell or taste. Staff and pupils must not come into the school if they have symptoms, and must be sent home to self-isolate if they develop them in school. All children can be tested if they have symptoms, including children under 5, but children aged 11 and	The advice service (or PHE local health protection team if escalated) will provide definitive advice on who must be sent home. A template letter will be provided to schools, on the advice of the health protection team, to	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

under will need to be helped by their parents or carers if using a home testing kit	send to parents and staff if needed			
School sites have both (Kirkby and Settle) received an initial supply of 10 home test kits and information about how to order to replenish this supply when they are running out	School should call the Test and Trace helpdesk on 119 if these have not arrived.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School determines how to prioritise the distribution of their test kits in order to minimise the impact of the virus on the education of their pupils.	The test kits sent to schools are provided to be used in the exceptional circumstance that an individual becomes symptomatic and schools believe they may have barriers to accessing testing elsewhere. These kits can be given directly to staff or parents and carers collecting a child who has developed symptoms at school. In particular, these tests kits will also help ensure that symptomatic staff can also get a test and if they test negative, can return to work as soon as they no longer have symptoms of coronavirus (COVID-19). Further information is provided in our guidance Coronavirus (COVID-19): test kits for schools and FE providers.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Staff members and parents/carers need to understand that they will need to be ready and willing to provide details of anyone they have been in close contact with if they were to test positive for coronavirus (COVID-19) or if asked by NHS Test & Trace		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Our school Federation must ensure that staff members and parents/carers understand that they will need to be ready and willing to self-	Household members of those contacts who are sent home	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

isolate if they have been in close contact with someone who develops coronavirus (COVID-19) symptoms or someone who tests positive for coronavirus (COVID-19)	do not need to self-isolate themselves unless the child, young person or staff member who is self-isolating subsequently develops symptoms			
Parents and staff are asked to inform the school immediately of the results of a test and the headteacher needs to be notified directly of any cases.	Schools must not share the names or details of people with coronavirus (COVID-19) unless essential to protect others	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If someone with symptoms tests negative for coronavirus (COVID-19), then they should stay at home until they are recovered as usual from their illness but can safely return thereafter. The only exception to return following a negative test result is where an individual is separately identified as a close contact of a confirmed case, when they will need to self-isolate for 10 days from the date of that contact	Schools should not request evidence of negative test results or other medical evidence before admitting children or welcoming them back after a period of self-isolation	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Someone who is self-isolating because they have been in close contact with someone who has tested positive for coronavirus (COVID-19) starts to feel unwell and gets a test for coronavirus themselves, and the test delivers a negative result, they must remain in isolation for the remainder of the 10-day isolation period	This is because they could still develop coronavirus (COVID-19) within the remaining days	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If someone with symptoms tests positive, they should follow the ‘stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection’ and must continue to self-isolate for at least 10 days from the onset of their symptoms and then return to school only if they do not have symptoms other than cough or loss of sense of smell/taste. This is because a cough or anosmia can last for several weeks once the infection has gone. The 10-day period starts from the day when they first became ill. If they still have a high temperature, they should continue to self-isolate until their temperature returns to normal. Other members of their household should all self-isolate for the full 10 days		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools send home those people who have been in close contact with the person who has tested positive, advising them to self-isolate	Close contact means:	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

<p>for 10 days since they were last in close contact with that person when they were infectious</p>	<p>- direct close contacts - face to face contact with an infected individual for any length of time, within 1 metre, including being coughed on, a face to face conversation, or unprotected physical contact (skin-to-skin)</p> <p>- proximity contacts - extended close contact (within 1 to 2 metres for more than 15 minutes) with an infected individual</p> <p>- travelling in a small vehicle, like a car, with an infected person</p>			
<p>School must take swift action when they become aware that someone who has attended has tested positive for coronavirus and must contact the dedicated advice service introduced by Public Health England (PHE) and delivered by the NHS Business Services Authority</p>	<p>This can be reached by calling the DfE Helpline on 0800 046 8687 and selecting option 1 for advice on the action to take in response to a positive case. Schools will be put through to a team of advisers who will inform them of what action is needed based on the latest public health advice</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Public Health England has good evidence that routinely taking the temperature of pupils by the school is not recommended as this is an unreliable method for identifying coronavirus (COVID-19) , however, the taking of temperatures may occur if a child or staff member appears unwell or is showing one or more of the symptoms as this will be taken as an additional sign that the person should not be in school.</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Inadequate Hand Washing/Personal Hygiene</p>				

Staff/pupils/cleaners/contractors etc. will be reminded to clean their hands regularly, including when they arrive at school, when they return from breaks, when they change rooms and before and after eating	Ensure that staff have sufficient time to wash their hands regularly, as frequently as pupils	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Hands are washed with liquid soap & water for a minimum of 20 seconds		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The school has considered whether they have enough hand washing or hand sanitiser 'stations' available so that all pupils and staff can clean their hands regularly		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Alcohol based hand cleansers/gels can only be used if soap and water are not available, but is not a substitute for hand washing. Such gels MUST ONLY BE USED UNDER CLOSE SUPERVISION . In normal circumstances pupils should not be using alcohol based hand cleansers because of the risk of ingestion.	Skin friendly cleaning wipes can be used as an alternative	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The 'catch it, bin it, kill it' approach is very important and is promoted	<p>CATCH IT  Germs spread easily. Always carry tissues and use them to catch your cough or sneeze.</p> <p>BIN IT  Germs can live for several hours on tissues. Dispose of your tissue as soon as possible.</p> <p>KILL IT  Hands can transfer germs to every surface you touch. Clean your hands as soon as you can.</p> <p></p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Disposable tissues are available in each room for both staff and pupil use		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Bins (ideally lidded pedal bins) for tissues are available in each room		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Risk assessments for pupils with complex needs that may struggle to maintain as good respiratory hygiene as their peers, for example those who spit uncontrollably or use saliva as a sensory stimulant, have been updated in order to support these pupils and the staff working with them		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Inadequate Personal Protection & PPE				
Face coverings are currently not in use by pupils in Primary schools as the risks are considered to be lower as pupils and staff are mixing in consistent groups, and because misuse may inadvertently increase the risk of transmission. There may also be negative effects on communication and thus education		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

<p>In schools that are in any area above Tier 1, adults (staff and visitors) in primary schools and in secondary schools DO wear face coverings in areas outside of the classroom</p>		☒	☐	☐
<p>In the event of an area moving into local restriction tier: high alert or very high alert, schools will ensure they communicate quickly and clearly to staff, parents and pupils that the new arrangements require the use of face coverings in certain circumstances</p>	<p>Some individuals are exempt from wearing face coverings. This applies to those who:</p> <ul style="list-style-type: none"> - cannot put on, wear or remove a face covering because of a physical or mental illness or impairment or disability - speak to or provide assistance to someone who relies on lip reading, clear sound or facial expression to communicate <p>The same exemptions will apply in education settings, and we would expect teachers and other staff to be sensitive to those needs.</p>	☒	☐	☐
<p>Face visors or shields are not routinely worn as an alternative to face coverings</p>	<p>Visors may protect against droplet spread in specific circumstances but are unlikely to be effective in preventing aerosol transmission, and therefore in a school environment are unlikely to offer appropriate protection to the wearer</p>	☒	☐	☐
<p>It is not necessary to wear face coverings in the classroom, where protective measures already mean the risks are lower, and where they could inhibit learning</p>		☒	☐	☐

In such circumstances as face coverings are allowed to be worn in school they must be worn correctly		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Clear instructions are provided to pupils by staff on how to put on, remove, store and dispose of face coverings, to avoid inadvertently increasing the risks of transmission		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Safe wearing of face coverings requires cleaning of hands before and after touching – including to remove or put them on – and the safe storage of them in individual, sealable plastic bags between use		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where a face covering becomes damp, it should not be worn and the face covering should be replaced		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where anybody is struggling to access a face covering, or where they are unable to use their face covering due to having forgotten it or it having become soiled or unsafe, the school has taken steps to have a small contingency supply available to meet such needs		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Each teacher should have a procedure for removing face coverings when those who use them arrive at school, and when to wear face coverings at school in certain circumstances	This procedure should be communicated clearly to pupils by their class teacher s	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
PPE will need to be worn by a member of staff if a pupil becomes unwell with symptoms of coronavirus while in their setting and needs direct personal care until they can return home. A face mask should be worn by the supervising adult if a distance of 2 metres cannot be maintained. If contact with the pupil is necessary, then gloves, an apron and a face mask should be worn by the supervising adult. If there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn	safeworking in education, childcare and children's social care	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Visitors, Contractors & Spread of Coronavirus				
All visitors and contractors must make pre-arranged appointments or they will not be allowed on site		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School ensures site guidance on physical distancing and hygiene is explained to visitors and contractors on or before arrival		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Where visits can happen outside of school hours, they are arranged as such		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Contractors to attend by agreement only after school have satisfied themselves that it is necessary for the visit to take place at that time and that all required controls are in place to allow the work to continue safely		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Contractors to provide updated risk assessment prior to visit which includes their own controls round infection spread prevention	Times of visits may need to be adapted to take in to account the ability to maintain appropriate social distancing measures and availability of resources to effectively clean following the visits	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
As normal, school engages with their local immunisation providers to provide immunisation programmes on site, ensuring these are delivered in keeping with the school's control measures	These programmes are essential for children's health and wellbeing	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where schools are satisfied that it would be safe to do so, they may choose to open up or hire out their premises for use by external bodies or organisations, such as external coaches or after-school or holiday clubs or activities	In doing so, schools should ensure they are considering carefully how such arrangements can operate within their wider protective measures and should also have regard to any other relevant government guidance	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
A record is kept of all visitors with sufficient detail to support rapid contact tracing if required by NHS Test and Trace.		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Inadequate Ventilation				
Occupied spaces must always be well ventilated and a comfortable teaching environment maintained	This can be achieved by a variety of measures including: mechanical ventilation systems – these should be adjusted to increase the ventilation rate wherever possible,	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	and checked to confirm that normal operation meets current guidance (if possible, systems should be adjusted to full fresh air or, if not, then systems should be operated as normal as long as they are within a single room and supplemented by an outdoor air supply)			
Ventilate spaces with outdoor air	Natural ventilation – if necessary external opening doors may also be used provided this doesn't compromise safeguarding measures	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where possible, occupied room windows should be open – this is an important requirement for classrooms (as such children should be encouraged to wear a vest or t shirt under their uniform to keep them warm during cooler days)* see note below for cold weather		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Keep toilet ventilation in operation as much as possible while building is occupied		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Prop doors open, where safe to do so (bearing in mind fire safety and safeguarding), to limit use of door handles and assist with creating a throughput of air	Fire doors must not be propped open unless they have a self-closing hold open device fitted	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
COLD WEATHER - In cold weather where the school heating system is activated, windows are open to provide trickle ventilation rather than being fully open	natural ventilation – opening windows (in cooler weather windows should be opened just enough to provide constant background ventilation, and opened more fully during breaks to purge the air in the space)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration given to opening high level windows in preference to low level to reduce draughts		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration given to only opening every other window instead of all windows when the heating is activated		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

The school offers flexibility to allow additional, suitable indoor clothing	For more information see School uniform	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Furniture rearranged where possible to avoid direct drafts		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Heating should be used as necessary to ensure comfort levels are maintained particularly in occupied spaces		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
When heating is activated and windows are on trickle vent, consideration is given to employing desk fans to move any stagnant pockets of air	Desk fans are pointed away from people and pointed at walls etc.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If school needs to use additional heaters they only use sealed, oil filled electric heaters (See Headteacher if unsure – all heaters need to be checked so as to be compliant with county standards)	Electric fan heaters used sparingly due to increased fire and electrical risk	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupil Behaviour/Mental Health and Pupil Well Being				
The school has adapted its Positive Behaviour Policy to take into account the control measures for Covid-19. It is important that ALL pupils and staff follow the RA and agreed school rules so that we can be compliant with the Health and Safety at Work Act 1974. In instances where there is poor behaviour or where a child is deemed to be unable to cope with the regulated school environment and its restrictions, there will be a meeting with parents and an action plan will be drawn up with the aim of keeping the child, their peers and staff safe. A school reintegration plan/sequence will be drawn up where necessary. For further information please refer to the school behaviour policy/contact the Executive Headteacher directly.	Schools need to have plans in place for those pupils who struggle to attend school for are struggling to cope due to behavioural/mental health or pupil well-being reasons. Specialist provision may be required to help support them and their families.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Have you consulted with the people/representatives undertaking the activity as part of the preparation of this risk assessment	Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>	
What is the level of risk for this activity/situation with existing control measures	High <input checked="" type="checkbox"/>	Med <input type="checkbox"/>	Low <input type="checkbox"/>	
Is the risk adequately controlled with existing control measures	Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>	
Have you identified any further control measures needed to control the risk and recorded them in the action plan	Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>	
ACTION PLAN (insert additional rows if required)	To be actioned by			
Further control measures to reduce risks <i>so far as is reasonably practicable</i>	Name		Date	
Please see school Positive Behaviour Policy	R Wright		Re-issued 04/01/21	

State overall risk level assigned to the task AFTER implementation of control and action plan measures taken as a result of this risk assessment		High <input type="checkbox"/>	Med <input checked="" type="checkbox"/>	Low <input type="checkbox"/>
Is such a risk level deemed to be as low as reasonably practical?		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>
Is activity still acceptable with this level of risk?		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>
If no, has this been escalated to senior leadership team?		Yes <input type="checkbox"/>		No <input type="checkbox"/>
Assessor(s):	Richard Wright	Signature(s):	<i>R Wright</i>	
Position(s):	Executive Headteacher	Review Date:	Ongoing to reflect national and regional events as they occur.	
Date:	04/1/2021			

Distribution: To all staff and governors

Risk rating	Action
HIGH	Urgently review/add controls & monitor, notify H&S Team (if Likely or Highly Likely – stop work, seek competent advice)
MEDIUM	Review/add controls (as far as reasonably practicable) & monitor
LOW	Monitor control measures

POTENTIAL OUTCOME		LIKELIHOOD		POTENTIAL OUTCOME					
Catastrophic	Fatal injury/permanent disability	Highly likely	More likely to occur	Catastrophic					
Major	RIDDOR reportable Specified Injury/Disease/Dangerous Occurrence	Likely	↓	Major					
Moderate	RIDDOR reportable over 7 day injury	Possible		Moderate					
Minor	Minor injury (requiring first aid)	Unlikely		Minor					
Insignificant	Minor injury	Remote	Less likely to occur	Insignificant					
					Remote	Unlikely	Possible	Likely	Highly Likely
