

Spring (2022): Welcome to the this term's newsletter. Spring certainly has sprung with all the lovely (and at times, not so lovely!) weather and events we've had at school. We would like to thank the PTA especially for all their herculean efforts getting events up and running again and thank all our lovely families for your ongoing support of the school. We hope you enjoy the round up of this term and would like to wish you all a lovely Easter break.

Kind Regards,

Miss Thompson (Deputy Headteacher)

SETTLE NEWS

Sponsored Walk in the Sun...

What a wonderful day we had for our sponsored walk this half term. The sun was shining, the children were smiling and everyone gave it their best effort. There was a fabulous atmosphere and we managed to raise a whopping £4062 to go towards improving the overall school grounds and much needed maintenance work. Thank you so much to all the sponsors out there and the children for keeping going throughout the day too. We hope we will be able to have some more PTA and school events running again in summer where you can come and enjoy the improved school grounds.

Easter Eggstravaganza...!

We have really got into the Easter festive spirit this half term now for the first time in a couple of years. Have a look at all the fabulous events we have had running at school-some teaching us important STEM and maths skills, some just for fun and some for the families to join in with too! Many thanks to all the parents, the PTA, Ribblesdale Motors, Sutcliffe Builders, Dalehead Vets and Walker Foster for supporting these events.

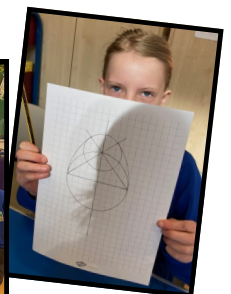

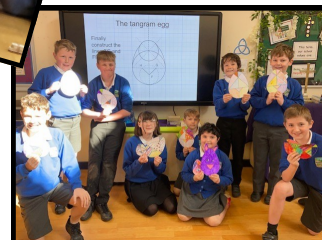

Egg Hunt with our very special visitor-the Easter Bunny!

Easter Bingo: back with a bang!

Easter maths and STEM workshops led by Year 6 for Years 1-5.

Egg competition winners! With lots of runners up too!!

Football Champions!

It has been great to have some sporting activities and tournaments back up and running at last. Year 5 and 6 pupils competed in the recent Football tournament at Settle College and took the top two spots, bringing home the trophy! Both teams were excellent ambassadors for the school and team players. Well done Team Settle!

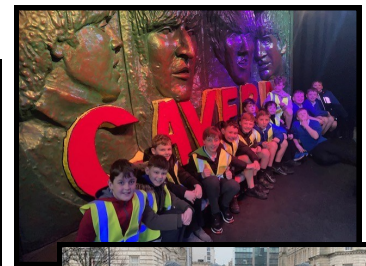

STEM Studio Underway.

At last...we have finally started our long awaited STEM studio! You may see it starting to unfold at the end of the field and hopefully it should be complete shortly after the Easter holidays, ready for a grand opening later on in summer. Our winning designer, Isabella in Year 6, will be cutting the ribbon joined by the runners up and we hope to hold some exciting STEM events across school on this day (date TBC).

Year 2 Outdoor Day and Year 6's Magical Mystery Tour.

Year 2 had an amazing field trip to where they enjoyed making camp fires, spotting different plants, exploring the landscape and orienteering, rounded off with chocolate bananas cooked on the campfire. The day was led and supported by the Yorkshire Dales National Park. Meanwhile, Year 6 set off for the city of Liverpool on a Magical Mystery Tour of their own visiting the Museum of Liverpool to learn about why the docks developed, a trip to the Cavern Club for lunch and some live music, a Beatles Story tour and workshop, rounded off with a sightseeing trip on the ferry and dinner at The Smugglers Cove.

Diary Dates

Date	Event
Friday 8th April	Last day of term
Mon 25th April	INSET day
Tues 26th April	Return to school for Summer 1
Fri 27th May	Break up for half term
