

Putting the Numicon Shapes in order

An ordering activity

What you will need...

- Numicon Shapes 1-10
- Numicon Number Line

What to do...

- Put the 1-10 Number Line on the table.
- With your child arrange the Shapes in the order of the Number Line. photo 1
- Now ask your child to put the Shapes in order without the Number Line to help.

What next...

When your child can do the first part easily, try this:

- Put Shapes 1-10 in order
- Take turns to swap two Shapes while the other player hides their eyes. photo 2
- The other player uncovers their eyes, explains what has happened and puts the Shapes back into order. photo 3
