

Learning about teen numbers

An activity linking Numicon Shapes, numbers and numerals

What you will need...

- Numicon Number Line
- Numicon Shapes (two of each Shape 1-10, and extra 10-shapes)
- Numicon Feely Bag
- Numerals cards 11-21

What to do...

- Ask your child to use the Numicon Shapes to build their own Number Line to 21.
- Ask them place the Numeral Cards under each number. photo 1

What next...

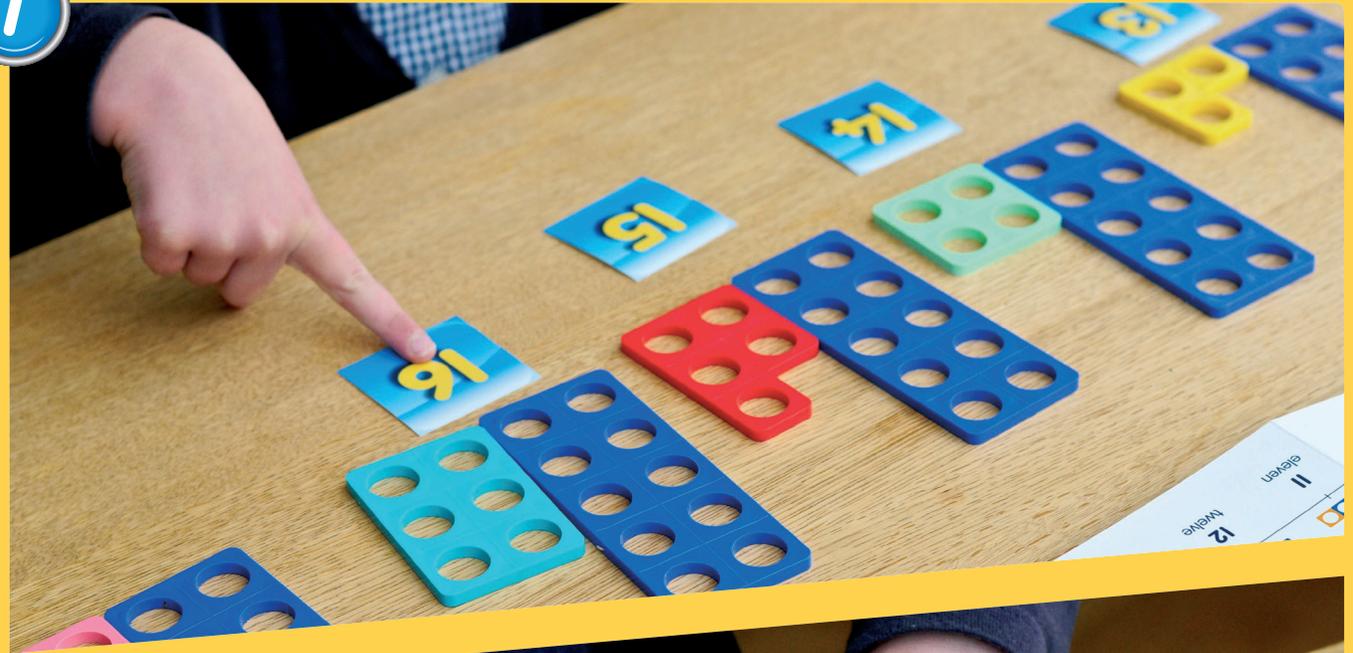

When your child can do the first part easily, try this:

- Fill the Feely Bag with Numicon Shapes,
- Ask your child to pull out a 10-shape and another Shape and say the teen number they have made. photo 2

Or this:

- Take turns to pick up a Numeral Card and read the number aloud.
- Build the number with Numicon Shapes.
