

# Year 1

## Summer Term 1

**Know all subtraction facts for all numbers between 0 and 10:**

$1 - 0 = 1$

$1 - 1 = 0$

$2 - 0 = 2$

$2 - 1 = 1$

$2 - 2 = 0$

$3 - 0 = 3$

$3 - 1 = 2$

$3 - 2 = 1$

$3 - 3 = 0$

$4 - 0 = 4$

$4 - 1 = 3$

$4 - 2 = 2$

$4 - 3 = 1$

$4 - 4 = 0$

$5 - 0 = 5$

$5 - 1 = 4$

$5 - 2 = 3$

$5 - 3 = 2$

$5 - 4 = 1$

$5 - 5 = 0$

$6 - 0 = 6$

$6 - 1 = 5$

$6 - 2 = 4$

$6 - 3 = 3$

$6 - 4 = 2$

$6 - 5 = 1$

$6 - 6 = 0$

$7 - 0 = 7$

$7 - 1 = 6$

$7 - 2 = 5$

$7 - 3 = 4$

$7 - 4 = 3$

$7 - 5 = 2$

$7 - 6 = 1$

$7 - 7 = 0$

$8 - 0 = 8$

$8 - 1 = 7$

$8 - 2 = 6$

$8 - 3 = 5$

$8 - 4 = 4$

$8 - 5 = 3$

$8 - 6 = 2$

$8 - 7 = 1$

$8 - 8 = 0$

$9 - 0 = 9$

$9 - 1 = 8$

$9 - 2 = 7$

$9 - 3 = 6$

$9 - 4 = 5$

$9 - 5 = 4$

$9 - 6 = 3$

$9 - 7 = 2$

$9 - 8 = 1$

$9 - 9 = 0$

$10 - 0 = 10$

$10 - 1 = 9$

$10 - 2 = 8$

$10 - 3 = 7$

$10 - 4 = 6$

$10 - 5 = 5$

$10 - 6 = 4$

$10 - 7 = 3$

$10 - 8 = 2$

$10 - 9 = 1$

$10 - 10 = 0$

Remember to  
test in a random  
order!

### School Assessment

Your child will be tested 3 times throughout the half-term.

Each time they complete the KIRF correctly they will get a tick.

3 ✓ = 10 house points!

Then try the mastery activities.

Use practical toys to create problems:

*There are 7 cars, 4 drive away, how many are left?*

Ask your child to make up their own subtraction story with some toys.

Write down numbers which subtract to make a given total.

### Mastery Activity Ideas to try at home!

Find the missing number in the sums.

$8 - \square = 4$

$6 = 9 - \square$

Write the sum to show the problem.

*2 firemen climb down from the fire engine.*

*How many firemen are left on the fire engine?*

$\square \ominus \square = \square$
