

Year 1
Summer Term 2

Know all the doubles and halves to 10.

Double 1 = 2

Half 2 = 1

Double 2 = 4

Half 4 = 2

Double 3 = 6

Half 6 = 3

Double 4 = 8

Half 8 = 4

Double 5 = 10

Half 10 = 5

Remember to test in a random order!

School Assessment

Your child will be tested 3 times throughout the half-term.

Each time they complete the KIRF correctly they will get a tick.

3 ✓ = 10 house points!

Then try the mastery activities.

Label some food from the cupboard with prices from 2p to 10p. Ask your child to make new prices for the half-price sale!

Betsy has 10 cupcakes. She shares them equally with a friend. How many will they each have?

Mastery Activity Ideas to try at home!

Play together: Roll a dice and double the number. The winner is the person with the highest total!

In the football match James scored 3 goals. Adam scored double. How many goals did Adam score?
